Tank Lines, Inc..

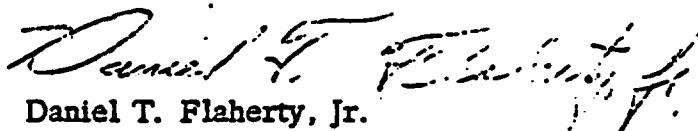

Dear Mr. Lazarchik:

As per our agreement of September 25, 1970, we are hereby providing you with the following information.

The Engineering Department has informed me that they have established by number of tank loads containing an estimated 3,000 gallons per load, that a total of 556,000 gallons of waste water was dumped into the William Dick lagoon in West Caln Township, Chester County, between January 1, 1970, and June 5, 1970, the date all operations ceased.

Very truly yours,

CHEMICAL LEAMAN TANK LINES, INC.
